

PRINTMAKING WORKSHOP

NOV 10 & 11
WITH JENNY PETERSON

Nature prints & soft ground etching

Bringing old techniques of nature printing and etching into the contemporary context, make unique nature prints from plant specimens using relief printing methods. Continue your exploration using softground etchings on copper plate.

Feed your printmaking practice (new or established) with some exciting and versatile techniques. All with the experienced guidance of printmaker and teacher Jenny Peterson. A full and inspiring 2 days! Suitable for all levels.
